Addendum

In the event that a school has more than three (3) permitted athletes in an event that would qualify in the top 8 competitors (Size of Finals) for that event, that school may be permitted to enter additional athletes so long as the additional athletes remain in the top 8 qualifiers for said event. These athletes are in addition to the field of 40.

The Track & Field Committee will make final decisions in the event that circumstances create additional exceptions.

For example: School A has three (3) athletes that qualified for the 100M Dash and are seeded in the top 8 in the event. School A also has a 4th athlete that would qualify in the top 8 competitors in the 100M Dash. School A is permitted to enter the 4th competitor in the 100M Dash. 100M Dash field is expanded to 41 athletes.
